SC PERFORMANCE GOAL

2010 Goal:

By 2010, SC's student achievement will be ranked in the top half of the states nationally. To achieve this goal, we must become one of the fastest improving systems in the country.

2020 Vision:

By 2020 all students will graduate with the knowledge and skills necessary to compete successfully in the global economy, participate in a democratic society and contribute positively as members of families and communities.

REPORT OF PRINCIPAL AND SCHOOL IMPROVEMENT COUNCIL

"Read, Write, and Blue"...what a patriotic year we have had at North Elementary! We began our reading and writing initiative by participating in the North "Summer" Olympics. Technology continued to be a focus through the use of SMART Boards, which provided another way to differentiate instruction. Scanners and document cameras allowed teachers to take this technology one step further by projecting anything in print onto the SMART Board. Through the addition of Classworks, a computer based program that correlates to both SC Curriculum Standards and MAP RIT bands, students have had the opportunity to learn at their individual level. Through the dissemination of PACT data, language arts PACT scores in grades 3-5 increased an average of 7.3% in the advanced range. Math proficient PACT scores for grades 3-5 increased an average of 5.2%. Our advanced science and social studies PACT scores for grades 3-5 increased an average of 11% and 7% respectively. Recognizing that our science and social studies PACT scores were lower than our expectations, we provided manipulatives, literature, and materials for hands-on instruction. The percentage of third grade students that met standards in science increased 9.1% and 9% in fourth grade. The percentage of students in grades 3-5 social studies increased 7.6%, 7.1%, and 19.6% respectively. African American students' PACT scores in science for third grade increased 12.6%. Our fifth grade African American students meeting social studies standards gained 44.8%, in mathematics 26.6%, and in English language arts 21.4%. These gains show our commitment to closing the achievement gap across all curriculum areas. During grade level field trips, memories were made that will last a lifetime. Fourth grade explored the sea through a visit to Ripley's Aquarium. Second grade took their annual walking tour of Lancaster and spent a day at EdVenture in Columbia. Kindergarten students enjoyed writing in their journals about their trip to the farm, the strawberry patch, and the play, Hansel and Gretel. Our fifth graders explored science and nature during their annual trip to YMCA's Camp Thunderbird. This three-day adventure included team building hands-on activities including high ropes, canoeing, hiking, and eating meals together. First and third grade students traveled to Cotton Hills Farm and participated in hands-on demonstrations that showed life on a working farm. In the fall, fifth graders performed a patriotic American's We, where they taught American history through song and narration. Our second graders' spring performance of Dr. Seuss', A Suessical Musical, entertained students, teachers, and families alike. Our SIC challenged us all to explore higher order thinking math activities through a math initiative. Students enjoyed the North "Winter" Olympics. Our TMD students enjoyed a very "Special" Olympics of their own. The students came back sporting medals proving a job well done! During this difficult economic time, our faculty and student body collected food for our local HOPE agency, raised over \$3,000 for Lancaster County's Relay for Life campaign, and met the many needs within our North family. Our PTA worked very hard this year to provide new playground equipment for both our kindergarten playground area and our large playground area to support our children's fitness. We are appreciative of the commitment our PTA, SIC, volunteers, and mentors have provided to students and teachers in our school. Our sights are now focused on making next school year even better!
